Description of Business

We started out making banners and signs and progressed into advertising products. We became distributors for Gameguard, and later added laser marking/engraving and became a distributor of anything Yeti.

Has Medina County been good for your business?

Absolutely. We have seen a continual increase in business from our inception and, as long as there is no major downturn in the economy, we see no reason for it to slow down.

What do you like most about doing business in Medina County?

Ninety-eight percent of the people who do business with us walk out with a big smile and say they will definitely be back.
