**Why is Medina County a good place for your business?**

After 20 years of traveling, I knew Medina County was home as soon as I arrived. The proximity to San Antonio is great for business and extra resources, but nothing beats a small town feel and a close-knit community.

**What is your favorite thing about having a location in Medina County?**

It's great to have a business in a community where everybody knows everybody. I love recognizing similar faces day in and day out, but also enjoy meeting and working with new customers. The environment and business culture in Medina County has truly helped our business grow and thrive.

**Do you feel that Medina County offers enough resources for your business to succeed?**

Yes and everything we don't have is a short drive away in San Antonio.

**How long have you been in business?**

Shirts 'N Stuff has been in business since 1986. However, it changed owners in May of 2016 with a goal of building off of past success, while making changes to help the company moving forward. Shirts 'N Stuff is an established part of the Castroville Business community, and we plan to continue similar product offerings with some exciting new additions such as Sign Shop, an in-house design department with printing abilities. The new owners bring more than 20-years of sign and printing experience, providing the company with a new reach.

**Tell us a fun fact or something people might not know about Shirts N' Stuff?**

Shirts 'N Stuff has one of the largest Willow Tree product offerings in the area. Upon visiting the store, many customers remark that they haven't seen such a large a selection.
