Why is Medina County a good place for your business?

We love doing business in Medina County for many reasons. Medina County is the place we call home and is where we decided to establish our roots. What better place to do business than the county in which you reside and raise your family?

We chose to open a business in Hondo because it allows us to do what we love, while supporting and giving back to the community. Backing from local community members as well as support from tourists has allowed The Shoppe – a husband and wife team – to grow and prosper.

What is your favorite thing about having a location in Medina County?

Having a business in Medina County provides opportunities to participate in community and school-related activities. It also allows us to interact with our fellow community members on a daily basis. We love that our tax dollars “stay local,” thus contributing to the overall growth of Medina County.

Our donations to various events and non-profit organizations also “stay local,” further strengthening our community. Finally, we cherish working close to home, which allows for more time with our children.

Do you feel that Medina County offers enough resources for your business to succeed?

Absolutely! Our local Chamber of Commerce and City Offices work together to support and promote local businesses. We have a wide array of strong and resourceful businesses in Medina County, which fosters an environment conducive to success.

How long have you been in business?

The Shoppe has been in business for approximately eight years. We purchased The Shoppe almost four years ago and have been more than pleased with its continued growth.

Tell us a fun fact or something people might not know about The Shoppe?

At The Shoppe, we do MUCH more than operate our storefront. We specialize in interior decorating, kitchen and bathroom cabinet makeovers, furniture makeovers, holiday decorating and more. We spend approximately 50 percent of our time working outside of The Shoppe, decorating homes and other local businesses during the holiday season.

Decorative paint finishes are our specialty. We've taken an ordinary spiral staircase and made it look like an old rusty staircase, transformed kitchens with various cabinet makeovers and given old furniture a whole new look. Bring us your decorating and painting ideas and let us make it happen. You name it...we can do it!
